

Guinea Pig and Mouse Valves by Edstrom®

Rugged stainless steel construction. The outside cylinder protects the stem from certain animals that like to play with the nipples and create an excessive waste of water. These valves have Variflo® technology that allows adjustment of water flow by turning the nipple clockwise into the outer valve housing.

A864

A855

For Flexible Tubing Systems:

Stock No. A864, valve with 3/16" barbed tip\$4.95 ea.

Stock No. A302, mounting clip for above\$0.66 ea.
.....1 00+ @ \$0.60 ea.

For PVC Pipe Systems:

Stock No. A855, with 1/8" MPT thread\$4.95 ea.

Diaphragm:

Stock No. A304\$0.40 ea.100+ @ \$0.34 ea.

Internal O-ring:

Stock No. A305\$0.32 ea.100+ @ \$0.29 ea.

External O-ring:

Stock No. A862\$0.39 ea.

Stem:

Stock No. A863\$0.34 ea.

Monoflo® Stainless Water Valves

- Chew-proof stainless construction
- Ideal for rabbits and poultry

The weight of the upper stainless valve seat is engineered to rest firmly on the top of the valve body, thus cutting off the water flow. This design eliminates the need for a spring or diaphragm to regulate water flow.

A600

Valve installation must be vertical! (Perpendicular to the cage floor). For mammals that chew, place 1/2" PVC between back-to-back cages. Cut a 3"W X 6"H hole for valve access. Use a separate valve for the back side cage.

Do not install PVC pipe inside the cage with rabbits. You will have chewing damage to the pipe.

Individual Monoflo valves:

Stock No. A600\$1.80 ea.100+ @ \$1.59 ea.

Sealed case of 300 Monoflo valves (Ship. Wt. 13 lbs).

Stock No. A649\$312.00 ea.

Parrot Water Valve by Edstrom®

Rugged stainless steel construction. Designed for parrots, macaws, and cockatoos.

Designed with 1/2" MPT threaded connection that screws into standard 1/2" PVC tees. Recommended pressure of 15 PSI. Shipping wt. for valves 1 1/2 lbs. / dozen.

Stock No. A860
...\$9.90 ea.40-99 @ \$9.50 ea.100+ @ \$8.88 ea.

Replacement diaphragm:

Stock No. A861\$0.52 ea.100+ @ \$0.48 ea.

Maxiflo® Pressure Regulator

A high-quality regulator used in large commercial operations. The inlet has 1/2" MPT and the outlet has 3/4" MPT. Ship. Wt. 2 lbs.

Stock No. A709\$76.20 ea.

Water Pressure Gauge 1/8" MPT

Stock No. A712.....\$24.30 ea.
.....6+ @ \$22.60 ea.

Tank Connector

Fits 1/2" PVC pipe

Stock No. A003 \$16.90 ea.
.....6+ @ \$15.70 ea.

Wire Kwik Clip

For 3/4 O.D. pipe.

Stock No. A813.....\$5.80 / box of 100
