

AUTOMATIC WATERING SYSTEMS

LIXIT® Model L-130 Stainless Steel Valve

Superior, spring-loaded design is drip-free. Proven successful for rabbits, Guinea pigs, chinchilla, hamsters, rats, and mice. 1/8" MPT. Ship. Wt. 3 lbs/100.

Stock No. A001.....\$6.80 ea.
.....100 or more @ \$6.33 ea.

Pipe Saddle

For 1/2" PVC Pipe. This lightweight saddle provides 1/8" FPT for insertion of valve. Ship. Wt. 2 lbs / 100. Do not use with Lixit or Edstrom valves.

Stock No. A613.....\$0.25 ea.
.....100 or more @ \$0.17 ea.

TEE ADAPTOR COUPLING 1/8" FPT

For 1/8" Threaded Valves. Glue between 1/2" PVC pipe sections. Ship. wt. 6 lbs / 100.

Stock No. A224.....\$1.08 ea.
.....100 or more @ \$0.95 ea.

CHEMILIZER MEDICATOR

**Pumps Are Not All
The Same**

The Chemilizer pump motor has a diaphragm. This prevents wearing of the piston and the cylinder walls, which causes inaccuracies in metering, a major problem in low-flow systems. Minimum water flow required is 29 gal/day. 2-year factory warranty. Ship. Wt. 6 lbs.

Stock No. A888.....\$ 293.60 ea.

Designing An Automatic Watering System?

Please feel free to call us regarding your watering needs and plans. We'd be glad to help you design a reliable system that fits your needs.

DEW DROP VALVES

This drip-proof valve does not depend on water pressure for stem seating. It is spring-loaded and will not drip at zero water pressure. Now with a stainless steel stem for longer life. Each component is machined to strict tolerances for trouble-free operation. Neoprene O-ring seal assures positive drip control. Standard 1/8" MPT body thread for installation directly into galvanized pipe or use with our PVC pipe saddles or couplings with 1/2" PVC pipe. Ship. Wt. 3 lbs / 100

Stock No. AD20.....\$3.63 ea..... 100+ @ \$3.30 ea.

Lixit® Model L-70 Automatic Dog Waterers

- The only center flow nipple
- Ideal for dogs & other animals
