**REMEMBER**

On all wire, the last measurement goes around the roll. 1/2" x 1" mesh has a wire pattern that will produce 1" of waste per cut. A 1" x 1/2" pattern will produce 1/2" of waste per cut that must be trimmed to eliminate sharp ends. And in 1" x 2" mesh you lose 2" per cut!

**Freight Discounts**

We can offer freight savings of up to 85% from list depending on your location. Call for details.
