

UPS Express Services

UPS offers a variety of express services. For heavier packages over 14 lbs, call us for costs. Deliveries to zip codes with small population bases will be subject to a **\$3.10 surcharge** per package. Any air package measuring over **1,728 cubic inches** will be charged according to size, and the cost may be more than the charges listed below. Air services are available to **Puerto Rico, Alaska, and Hawaii**.

Maximum Allowable Weight for any UPS Package is 150 lbs.

For UPS Packages Over 70 lbs Each, call us at 1-800-237-3899.

WE WILL QUOTE YOU THE BEST POSSIBLE PRICE.

UPS Hundredweight Service

We have a contracted discount with UPS for shipments with a minimum aggregate weight of 200 lbs. This discount is passed on to our customers!

Hundredweight ServiceSM Rate Chart

Rates are \$ / lbs of Total Shipment Weight

RATE TABLE

(Multiply appropriate per-pound rate below by total shipment weight and then add \$19.50 to this figure for final cost.)

Aggregate Weight (lbs)	Shipping Zone (see next page)					
	2	3	4	5	6	7
200-499	\$0.174	\$0.227	\$0.273	\$0.315	\$0.395	\$0.459
500-1000	\$0.155	\$0.202	\$0.243	\$0.281	\$0.355	\$0.411
1000 +	\$0.159	\$0.208	\$0.248	\$0.287	\$0.361	\$0.419
Minimum Charge	\$44.30	\$45.30	\$54.50	\$63.00	\$79.00	\$91.70

Deliveries to zip codes with small populations bases will be subject to a \$7.00 surcharge per shipment.

Commercial Truck Lines

VOLUME SHIPPING DISCOUNTS!

We also have contracted discounts with commercial truck lines (tractor trailers or "semis"). These discounts are up to 79% of the base rate, depending upon location. These savings are passed on to our customers. Typically, a minimum shipment weight of 350 lbs is needed for commercial truck lines to save you money over UPS Hundredweight Service. Feel free to call us for estimated shipping costs for these types of shipments.

INSTRUCTIONS

- Determine the **zone** for the **shipping address** from the table in the inside of the back cover.
- Estimate the **weight** of your package(s). Remember that your estimations are just that, as packing material, grouping, and weight/size limitations may affect the number and weight of packages.
- **We strongly recommend** that all mail orders are phoned in first. We easily can accurately estimate the shipping, and then tell you the dollar amount necessary for your payment.
- We will do our best to pack your order in the **safest** and most **cost-effective** way.
- For packages over 70 lbs, see Page 52.
- Shipments with an aggregate weight of over 200 lbs will use **UPS Hundredweight Service**. (See Pg. 52)
- Pay attention to any of the **additional fees and charges** assessed by UPS listed at the bottom of this page.

UPS Ground Service Additional Charges

- A \$0.65 fee per package will apply for every \$100 in content value, beginning at \$100 of value.
- For UPS an additional handling charge of \$7.50 per package will apply to packages that require special handling over 60" long.
- Rolls of wire will be subject to a \$2.50 boxing charge per package (Note: commercial truck shipments by semis are not subject to this charge.)
- A package with 2 of the 3 dimensions over 30" will be subject to a \$7.50 handling charge.
- Deliveries to zip codes with a small population will be subject to a \$2.55 surcharge per package.

UPS Weight and Size Limits

- Maximum weight per package: 150 lbs
- Maximum size per package: 130" in length and girth combined, with a maximum length of 108" per package
- Minimum charge for a package measuring over 3 cubic feet will be the greater of either the actual weight or the "dimensional weight." Dimensional weight is calculated by width x length x height = total cubic inches. Take cubic inches and divide it by 194 to determine the dimensional weight.
